

Intermediate Planner

Discover your full potential! At Tetra Tech, we are collaborating with industry-leading experts for a sustainable future for our world. We combine consulting and engineering with advanced analytics and technology to solve the world's most complex challenges. Our innovation hubs across the globe will enable you to share ideas and best practices while growing your professional network. Wherever you are in your career journey, you will benefit from working with world-class engineers, scientists, and technical specialists.

Tetra Tech combines the resources of a global, multibillion-dollar company with local, client-focused delivery in more than **550** locations around the world. Our reputation rests on the technical expertise and dedication of our employees — **28,000 associates** working together to provide smart, scalable solutions for challenging projects. We are proud to be home to leading technical experts in water, environment, infrastructure, resource management, energy, and international development.

Apply today and join the company that is **Leading with Science®**.

We are currently looking to expand our planning and strategy team at Tetra Tech, in our Calgary, AB office. We are seeking a skilled **Intermediate Planner** to join our Local Government practice. The successful candidate will work with a team of experienced planners, strategists, civil engineers, and technologists that are supported by our geotechnical and environmental specialists, to deliver municipal planning and strategy projects.

The work we do:

- Land use planning and approvals processes.
- Plan, policy and bylaw development.
- Municipal and intermunicipal collaboration.
- Engagement, communications, and facilitation.
- Local and regional strategic planning.

Responsibilities:

- Effectively managing a wide range of planning assignments including land development, community planning, policy development, and strategic planning.
- Contributing to the development of municipal planning documents and policies, including Municipal Development Plans, Area Structure Plans, Outline Plans, zoning by-laws, etc.
- Designing, facilitating, and supporting strategic planning and community engagement sessions.
- Business development and proposal preparation for planning and multi-disciplinary projects.

Qualifications:

- An accredited degree in Planning or closely related field. A Master's degree is an asset.

- 4-6 years of progressively responsible experience in municipal planning, intermunicipal or regional planning, land use, or related planning experience.
- Eligibility for Registered Professional Planner (RPP) designation. RPP designation is an asset.
- Strong understanding and experience working within Alberta's planning framework, the Municipal Government Act, and development approval processes.
- Experience in public participation. IAP2 training is an asset.
- Demonstrated experience in projects that are complex and have long-term impacts.
- Ability to collaborate across multidisciplinary teams and build and strengthen relationships with interested parties, clients, contractors, and municipal partners.
- Excellent communication, presentation, and interpersonal skills.

What Makes Tetra Tech A Great Place to Work:

- Benefits starting day one of employment/flexible work environment.
- Competitive base salary/hourly rate.
- Eligible for overtime (calculated at 1.5 times) that can be banked or paid out, whatever you prefer. Some of our employees work a lot of hours during the busy times and then take extended time off.
- Hybrid work options when you are not in the field. We'll provide the technology for you to work remotely.
- Tetra Tech supports life-long learning and provides an annual allowance for educational opportunities.
- You will be working with an amazing, very supportive team that takes a great amount of pride in our reputation and the phenomenal customer service we are known for.
- By joining this team, you have access to this network of professionals, experience, opportunities, and corporate benefits (e.g., corporate discounts, stock purchase plan).

Additional Information

A requirement of working for Tetra Tech is that you are at least 18 years of age and legally entitled to work in Canada without sponsorship (a copy of a valid work permit may be required).

To meet the physical demands required of some positions, candidates must be in good physical condition and willing to work in all weather conditions. Clearance on pre-placement medical and drug and alcohol testing may be required but will be explained during the recruitment process if they are necessary. As this position may be serving clients that have vaccination requirements for site access, we may be confirming your eligibility to comply with this requirement.

Apply Now!

We offer a great place to work, and an engaging culture that is based on innovation, collaboration, and integrity. Our compensation plan includes a competitive hourly rate and excellent opportunities for growth and advancement.
